Envisioning The Problem

Creating a website

To work alongside the SKCDA to explore new and innovative web designs that inspire people to action around community needs.

After carefully considering customer feedback on our previous High Fidelity prototype, we have successfully developed a website using WordPress, making targeted modifications based on the valuable comments received.

Customers

Northstar Customers

- Those who are transitioning job roles.
- Recent post-secondary graduates.
- Professionals looking for CCDP designation.

Carryover Customers

- Board Members
- SKCDA Members
- Volunteers
